

**Melight**

## LED Strobe

The Melight LED strobe is a very high powered strobe that can be run via DMX in one block or is 3 segments. Used for the well known freeze motion, blinder or lightning effects.

### Light and power supply system

|         |                       |                  |                           |
|---------|-----------------------|------------------|---------------------------|
| Voltage | 110v - 240v 50/60Hz   | Average lifespan | 20,000Hours               |
| Power   | 430W                  | Colour Temp.     | 6000 - 8000K              |
| Lamp    | 968 x 0.4w white LEDs | Strobe rate      | 0 - 20 flashes per second |
| Dimmer  | 0 - 100%              | Personality      | 1ch 6ch 10ch              |

### Appearance parameters

|           |           |            |                   |
|-----------|-----------|------------|-------------------|
| Structure | aluminium | Size       | 440 x 130 x 220mm |
| IP Rate   | IP20      | Net weight | 5.8 Kg            |
